

aska®

**Versatile &
Powerful**

By closing the gap between the light series and its full size 10 liters relatives, this new weight optimised and highly compact all-round device offers unique performance and versatility. With superior jet range upto 12 meters and extra high efficiency as compared to conventional extinguisher, it increases safety and life saving capabilities of fire fighters during difficult action. The jet streams is adaptable to any fire situation within seconds to douse Class A, Class B and Live Electrical fire.

Technical Data

Highly compact and light weight optimised extinguisher for professional use. Equipped with ergonomic backpack, steel pressure (2 liter / 200 bar), pressure reducer with safety valve and gauge.

Applicable on all classes of fire

ECO Backpack Water Mist & CAFS

Constant Working Pressure
Light Weight & Compact
Safe & Easy To Use and Refill

Jet Gun With Negligible Recoil
With Ergonomic Backpack

Filling Capacity	9 Liters
Fire Rating	27A, 233B, E1000V 25F, 43A, 233B, E1000V
Operation Pressure	29 Bar - Constant
Duration	Approx. 22 Secs.
Jet Range	Up to 12 meters
Flow Rate	0.651 / sec.
Jet Pattern	Compact Beam
Temperature Range	5°C to 60°C
Weight (Empty)	Approx. 14 kg.
Weight (Filled)	25 kg.
Height	580 mm
Diameter (Vessel)	185 mm
Pressure Vessel	Mild Steel, CE 0036 confirm
